
Installing Reality Flight use into FSX via Drag and Drop.

You can change the TRACK POS value in the.ini file. (I use a custom made ini file (by Reality). You can also read the values on the screen. You will see it changes as the GNS530 shows up on the screen. Make sure you read the manual and we will help you. With this setup you can have the TC at 3,000 . The GNS530 is a better choice for the following reasons: a) Advanced mode produces more accurate, realistic frames for Flights Software and Company TAC/controller products. b) Hardware – More accurate GMS, GND and SNMP. c) Realistic gauges, and, response time. d) You can have the GTD and the GND Both functional on the screen. e) Realistic display of airspeed and rudder position. f) Realistic display of engine setting when throttle is in open throttle, various engine range settings. . The old Reality XP GNS-530 Trainer with its yellow screen will not work with the ReaLity XP Trainer Setup. All the other gauges in the GNS530 do work. . I have installed the Reality XP trainer on six C-47 V2s. Not one of these C-47s did not run the Reality XP trainer. I now run Reality XP Trainer in "Trainer-Compatibility Mode" with the GNS530. Note: the Reality XP GNS530 (V2) gauges will not work on simflyer's GNS530 trainers. Instead, you can purchase the Reality-Xp GNS530 (V1). November 19, 2010 I have not attempted to use the GNS530W (Version 2) with FS 2004, either. No indication or hope that it will. I have yet to see an explanation or implementation. The Reality XP GNS530W Version 2 (GNS-530WV2) can not run in "Simulator/Simulator" window mode. Reality XP GNS530W Version 2 Pilot's Guide January 30, 2010 Some new info on FPU supports GNS530V2 and Reality XP GNS530 Trainer setup. Description: The reality xp gns530 is (or was) sold as a trainer. The reality xp gns530 has the following gauges. 1. Aileron & Elevator (forward & aft). 2. Landing

for a ? Thanks Tony. Jan 24, 2008 Nice trainer by RealityXP. Has anybody used them yet? Do they have the FS2004 Trainer?

Thanks John. Jun 24, 2007 I really want to go for RealityXP system. But it really needs some more work. I wanted to get some more feedback on RealityXP before I go ahead and buying it. What would you guys say? Apart from RealityXP GNS-530,. For the time being, we can continue installing the training software. Dec 22, 2007 In FS9 32 and 64 bit it works fine. Needed to change some of the garmin trainer settings to make it work with the new release of garmin trainer. Aug 11, 2006 I have the

RealityXP GNS-530 WAAS for my X-Plane 9 FS9. In FS9 32 and 64 bit it works fine. I have the program on my hard drive.

Oct 11, 2005 The RealityXP 640 is a more ambitious 'next-gen' simulation technology, built on a proprietary simulation engine, that not only simulates 'real world' GPS .

Jul 16, 2005 I'm running a zad1.1 project, I have a g. 530P and the garmin trainer's software and it works fine, you have to convert all the library to C# though.

Jun 27, 2005 Do you think it's ok to just download RealityXP and not install the whole FS9 package?
