This game is terrible when you have no time to go through the story and customize everything and only want to play through the story missions. It can be hard to pass through the story missions and dungeons. The problem with this game is that there is little replay-ability to it. As soon as you complete the first story level, it's very easy to get stuck. It's not like you can turn around and try the other two in a different order. It just isn't worth it to go through the story again. It's not that the story is bad, it's just that they bff6bb2d33

T-089: MONSTER FIELD □ SOLAR WARRIOR STYLE. GAME. ART. CORE Developed and published by Beam Inc. Published by VBL Publishing ■ Game Overview A mythril-made creation weapon that consumes the elements of the universe to recover its lost powers. Developed according to Beam's characteristic RPG game-making philosophy of "Giving users a fun experience while enjoying a deepening sense of investment," the game takes the role of "a person born in a world embroiled in conflict and possessed by the power of the weapon," and centers on its story. ■ Content Playable character: Equipment, combat strength, weight, style, and performance level are unique to each character and, after the character is formed, cannot be changed. Players can develop their character's combat strength by collecting experience points and item power points, and the character's muscle strength by engaging in combat. As the character advances, the level of difficulty increases and the amount of damage dealt will increase. This determines how much you will be able to increase your combat strength and muscle strength. Online play: Both asynchronous and synchronous online play is supported. Through synchronous online play, you can connect to other players in the same world and trade and challenge each other. ■ Universe and Character A world divided by war. A world born from the threat of extermination. A young man as massive as the world. A world in crisis. A young man born in this world. And, the tale of his life and the growth of his abilities. About SGB.SOLAR WARRIOR BEAM INC. SGB.SOLAR WARRIOR is a Japanese role-playing (RPG) company specializing in game development. It was established in 2004 and has been in the game industry since the first production, "Sword Art Online," in 2002. Its flagship title "Warp ZERO" was awarded as "Best RPG of 2017" in the Japanese Golden Joystick Awards. Its newest title, "Monster Field," was developed based on the feedback provided through a survey conducted online with the official website Its expansion, "Solar Warrior Style," which added a PvP battle element, is one of the premiere
