K ladi nda enger Review by buu 1/15/2012 4:55:19 PM WHY DID YOU DO THIS Review by Howard 3/26/2011 3:53:46 PM Wow! This game looks amazing! Review by RealSteve 1/16/2011 12:52:56 AM I'll most likely write a review as soon as it goes live, but for now I have to say that this game looks like it has a lot of potential and I'm looking forward to getting it. I've been reading through all of the comments and seeing what everyone's saying and it looks like you have a decent crowd. I only see one "i dont like it" comment so I suppose you all may be in for a treat (although there isn't a day that goes by without me complaining that there isn't more games like this to play, so I am looking forward to all of the feedback this game generates). I will be more than happy to follow this game closely and post a review as soon as it is released. Good luck, and happy gaming! Review by Hunter 8/2/2010 10:57:37 PM Reviewing this game would be an amazing experience, but I really don't think it would be fair. This game needs to be reviewed by a gamer that is either knowledgable in the realm of RPG games, or one with a high level of play. This is a game to be enjoyed, and if it were viewed as an actual game, it would be a very interesting experience. Review by Sguil 7/31/2010 8:13:18 PM I would love to give this a review, but I dont think it would be worth it. But i think it would be worth it just to know what you guys think about it. Review by fzy lizzy 7/27/2010 8:50:40 PM Reviewing this game I would be awesome!!!
