The Elder Scrolls series and Elden Ring are two titles that could be compared. However, Elder Scrolls is a five-member role-playing game and Elden Ring is a multiplayer role-playing game with many contents, allowing you to play without restriction. The user interface of Elder Scrolls is very simple and it's easy to understand, but you can simply understand the contents of your companions and the contents of the story as you play. The user interface of Elden Ring is very clear and simple to use. ② Each game contains many different kinds of content. Elder Scrolls has a certain type of system, but they share the same setup for letting you play regardless of whether you are playing alone, with other people, or with the group system. Therefore, as you progress the story of Elden Ring, the different kinds of content expand in addition to the content of the Elder Scrolls. ③ The

opponents of the guild wars are varied. In the Elder Scrolls, you fight monsters, but in Elden Ring, you do battle against opponents with different skills in an all-rounded game. Your opponents will not be limited to monsters, but it is also a game of strengthening the skills of the characters and the growth of your guild. ④ The voice acting is not bad at all. An actor who is not popular can be fine with some parts, but it is not the kind of title in which you can hear a bad voice. ⑤ The use of the maps is very convenient. The maps for Elden Ring are like three-dimensional puzzle maps. The background is actual, and you get to know the contents of the surrounding map by walking around. ⑥ The “group of adventurers” functions of Elden Ring are good. The adventurers that you make can be shared and you can create your own guild. You can increase the strength of your guild by increasing the number of members. ⑦ The “custom battle” function is very convenient. You can set a battle that will occur on a certain date and time, and set a customization for when the enemies will come. ◆ About the contents of the Elder Scrolls series: ◆ About the contents of Elden Ring: bff6bb2d33
