The campus is centered around a pedestrian mall and has views of the Monongahela River and downtown Pittsburgh. It is also near the intersection of Route 830 and Route 28, which links the college to casinos and restaurants. Academics CCAC offers over 29 undergraduate degrees and one graduate degree. Some of these bachelor's degrees include English, General Sciences, Psychology, Biology, History, Political Science, Geography, Humanities, and even Archaeology. All degrees are non-thesis degrees, meaning no student has to complete all four years of undergraduate studies in order to earn their degree. The college offers a Bachelor of Applied Science in Automotive Technology, a program used in automotive careers. In 2017, the college partnered with several local trucking companies in order to offer up to 60 positions in auto-
