Learn tactics, manage formations, and scout for new talent with Coach Mode. • Create-a-Pro – By going through an extensive tutorial, players can dive deeper into all aspects of a player’s job, like technique, lifestyle, and even hairstyles. Ultimate Team – As a team or an individual player, players will be able to go online and form teams to compete in 5v5 matches, or test your skills as a 1v1 and 2v2 in Online Seasons. In addition, a new Create-a-Pro module allows players to put their tactics to the test by creating their own player. BEASTMODE – As revealed in the latest FIFA video of the week, FIFA 13 will return to your television screen in 6 new offline modes. FIFA Soccer 13 Review The new features in FIFA 13 are spectacular and they all flow nicely into one another, seamlessly making it a pretty match-winning game. I did not have the same problem, that I had with FIFA 12, where I was left to play the whole game without any of the new additions because I simply could not understand where in the world they could have been. This time around, EA had put a lot of thought into this and they

#### **What's new in Fifa 22:**

- **Untold Stories**
- **Play Your Way** - Create your own story and experience of being part of history. Use the "Agenda" feature to play your own game or in conjunction with others.
- **Book News** - Use feature to browse and add players and managers from your published books.
- **Gold Edition** - Based on the three core themes of player mobility, player intelligence and ball control, we've made further refinements to existing gameplay and AI behaviours to provide a deeper and more engaging Football experience.
- **Turbo Charged Shot** - Shoot quicker, save more with the all new "Turbo Charged Shot" feature. It's the fastest paced shoot ever: Burst forward, shoot, and reload.
- **Pin Pass Animation** - See how players carry the ball by following them as they pick the ball up, jostle and juke their way towards the opposition goal.
- **Ball Control** - See how the ball rebounds off players with "Ball Control", which lets you see the true performance and behaviour of the ball, which improves your game.
- **4K** - Players will have more detail in 4K, as the textures are downloaded at a higher resolution using the same level of detail. This offers a clear and crisp view of players and textures while on the field to give them the feel of life and scale in the stadium.
- **Lightleaks** - Players have more visual diversity in 'Light Leaks', allowing them to change the color temperature of the lighting according to the sun's position.
- **Motion Capture** - The new "HyperMotion technology" will be the most powerful, authentic football simulation available in console history. This will bring new attributes to all aspects of the game including footwork, acceleration, player behaviour, ball control and more!
- **Dynamic Referee AI** - The refereeing system has been completely redone with a dynamic referee that adapts to his situation and reads the game.
- **Off-Ball Decision Making** - The on-field assistant, "Pitch Recognition" will help in off-ball situations by showing referees whether you've over ran the ball carrier or taken too long to make a decision
