I am running Unity, and I would like to set the keyboard layout so that it affects the launcher, not just the dash, or the menus in general. I would like the keyboard layout to be in Russian, because that is the one I prefer (my other one is in Bulgarian, and I would prefer to have everything in English). Also, I would like to use the dictionary features that the Russian keyboard provides. How

On Friday the government announced plans to lay off up to 19,000 casual and contract. The Globe and Mail, Canada’s oldest English-language daily newspaper, is reversing course and retiring its print edition. “It has been more than 40 years since I first read the Globe and Mail in a Toronto coffee shop, and the newspaper has become an essential part of my life,” said John Honderich, founder and chairman of the newspaper, which said it will now solely publish online. The Globe and Mail will continue to print a companion e-paper every Saturday morning, alongside the online newspaper, which has more than 310,000 subscribers. The decision to print an e-paper effectively kills the paper’s Saturday edition, which has been a cornerstone of the Globe and Mail’s existence since 1936. Mr. Honderich made the announcement at the newspaper’s new four-storey office in Toronto’s financial district, where he was greeted by the news of its plans to close its print edition. “We thought hard about whether we should keep the print edition and to my mind there were two possible arguments,” Mr. Honderich said.

“Either to go through with it and be loved by our readers, or to
