Totally unique action RPG: △ Action-RPGs are usually filled with these elements. They exhibit a continuous action game that features a large number of random encounters. Along with challenging enemies, players must also contend with difficult stages, treasure chests, and weapons of various kinds. △ The absolute masterpiece of the genre: △ While having this common element, it is a totally unique RPG that is filled with characters and settings that are brilliant, warm, and sentimental. △ Radical changes to the genre: △ The controls are radically changed and the order of the actions performed differs from that of conventional RPGs. This game has a unique action experience where an enemy appears and then a character is attacked. You can't move until you've attacked the enemy. △ A large, open world: △ The world of the game is also beautiful. The scenery changes, and the actions players will perform change depending on the situation, such as desert, mountains, forests, and underground areas. △ Unique action! The adventures of Tarnished: △ A variety of wondrous and terrifying stories are told in fragments between the quests. These stories take place in a variety of strange and charming locales. △ A multi-layered story!: △ A vast world that the player can freely explore, where the thoughts of the characters meet. A story that gradually unfolds as the player progresses in the game. △ The action-RPG genre got its start from the 90's RPG genre. It is a genre that has enjoyed much popularity since then, evolving to various genres, but some that there or a "let's make some features in the game, and hope that there's still a market for this," kind of game.
